

## RF20

The RF-20 universal and learning remote control can replace up to 10 remote controls and operate an entire A/V home entertainment system. The LCD screen device and function labels can be customized.

Comfortable navigation via a combination of wear-resistant buttons and 5-way thumbpad for operation of menu-driven devices. The RF-20 has over 1,000 built-in codes for easy programming of products from all major brands. Because the RF-20 sends both IR and RF signals, consumers can take advantage of "whole-house" (through walls, cabinets and floors) operation by utilizing the optional MRF-100 RF receiver base station.

### Features and Benefits

- Transmits both IR and RF signals
- Create custom text labels on the expanded LCD screen
- Replaces up to 10 remote controls
- Instantly access up to 40 favorite channels with the press of one button
- Punch through operation for easy control of frequently used functions
- Automate regular activities with 432 macro buttons, each with up to 190 commands
- Retains programming without batteries up to 10 years
- Works indoors or outdoors with the optional MRF-100 RF receiver

### Specifications

- LCD Size: .875" x 1.875"
- Size: 8.5" x 2.5" x 1" (L x W x H)
- Weight: 8 oz (with batteries)
- Learning Capabilities: 720 IR commands at standard frequencies (15 kHz to 100 kHz)
- Macro Capabilities: 472 macro and favorite channel buttons (up to 190 steps each)
- RF Freq: 418 MHz
